

Catalyst Paper

The paper industry is going through unprecedented change. At Catalyst, we are determined to succeed and build a successful platform for the future. If you value being part of a highly competitive action-oriented organization where your contributions can make a difference, we want to hear from you.

Our Powell River Division is seeking career minded individuals to join our Operations team

- You are a grade 12 graduate with a proven capacity to learn, and a demonstrated history of safe work performance.

Preference will be given to those with post secondary education, power engineering certifications, trades education or relevant experience.

If you are interested in joining our organization and you meet the above requirements, we invite you to submit your resume to the **Papermill Operator** position located on the **Career Centre** of our website at www.catalystpaper.com **no later than February 4, 2011.**
